

## **School and College Safety Training and Development**

*These programs meet federal annual counterterrorism training requirements*

InDev Tactical training programs help your staff to deal with issues of safety and security, and crisis planning and mitigation. The training offers simple, effective methods for identifying and mitigating violence and terrorism.

InDev's training approach focuses on quick and efficient knowledge transfer and subject retention. Its training methodology uses both interactive classroom/conference room sessions and practical field exercises to achieve maximum results.

Our training is conducted by subject matter experts with the skills and experience to create realistic presentations and lively training sessions. These experts are able to effectively answer questions and address issues using real world examples and knowledge.
